## **Alkemy Capital Investments Plc**

### **Appointment of Shard Capital as Corporate Broker**

Alkemy Capital Investments plc (“Alkemy”) is pleased to report the appointment of Shard Capital Partners LLP (“Shard Capital”) as corporate broker to the Company.

Shard Capital is a leading wealth and asset manager based in the city of London offering investment, dealing and capital markets services to private and corporate companies and is well positioned to support Alkemy as it progresses its flagship project, Tees Valley Lithium.

#### **Damon Heath, Head of Corporate Broking at Shard Capital commented:**

*“We are delighted to be working alongside the Alkemy team and look forward to assisting the company with the development of Tees Valley Lithium, an unrivalled opportunity to establish a low-carbon source of battery-grade lithium chemicals on the doorstep of the rapidly expanding European battery market.”*

#### **Alkemy Director Sam Quinn commented:**

*“We look forward to working with Shard Capital to establish Tees Valley Lithium as an independent and sustainable producer of Lithium Hydroxide at the Wilton International chemical park in the Teesside Freeport to supply the burgeoning demand from the electric vehicle industry.”*

**Forward Looking Statements**

This news release contains forward-looking information. The statements are based on *reasonable assumptions and expectations of management and Alkemy provides no assurance that actual events will meet management's expectations. In certain cases, forward-looking information may be identified by such terms as "anticipates", "believes", "could", "estimates", "expects", "may", "shall", "will", or "would". Although Alkemy believes the expectations expressed in such forward-looking statements are based on reasonable assumptions, such statements are not guarantees of future performance and actual results or developments may differ materially from those projected. Mining exploration and development is an inherently risky business. In addition, factors that could cause actual events to differ materially from the forward-looking information stated herein include any factors which affect decisions to pursue mineral exploration on the relevant property and the ultimate exercise of option rights, which may include changes in market conditions, changes in metal prices, general economic and political conditions, environmental risks, and community and non-governmental actions. Such factors will also affect whether Alkemy will ultimately receive the benefits anticipated pursuant to relevant agreements. This list is not exhaustive of the factors that may affect any of the forward-looking statements. These and other factors should be considered carefully and readers should not place undue reliance on forward-looking information.*
